

# SYLLABUS

## Human Resource Management (3 credits)

Instructor: Yu-wen Liu

### Course Description:

This course explores the central, strategic role that HR plays in making organizations competitive. This course focuses on the concepts and practices of human resource management, namely recruitment and selection of employees, equal opportunity, training and development, performance appraisals, compensation and benefits issues. A special focus on the increase of globalization and workforce diversity in the high-performance organization is also included.

### Course Objectives:

1. Describe the functions of HR management.
2. Provide examples of the new management practices that are changing HR management.
3. Illustrate how building employee commitment can be a cornerstone of an employer's HR philosophy.
4. Present the basic processes for: developing job specifications; recruiting, interviewing, and placement of employees; compensation and benefits plans; and conducting performance appraisals.
5. Outline the organization's role in the career management process.
6. Explain employee mobility.
7. Understand the impact of globalization on HR management

### Textbook (Optional):

Noe, Hollenbeck, Gerhart & Wright (2016). Fundamentals of Human Resource Management (6th ed). McGraw Hill.

### Cases:

#1 Black and Decker

#2 Karen Leary

#3 Mount Everest

### Class Structure:

Class sessions may include lectures, small and large discussion groups. We will strive to clarify, supplement, and analyze text materials. You are responsible for all assigned readings and all materials presented in class. You are also responsible for all information disseminated in class and all course requirements, including deadlines.

### Course requirements:

<u>Reflection papers</u>	50%
<u>Final group project presentation</u>	15 %
<u>Individual final paper</u>	15%
<u>Class participation and activities</u>	20%

### Paper guidelines:

Guidelines for Reflection paper and Final individual paper will be provided in separate documents.
